

“How to be a Proper Tourist”, Web. 2017.

By Melanie La

“How to be a Proper Tourist” is a website that targets family vacationers and travelers alike. The website has a bright color palette with handmade vector graphics on every page. “How to be a Proper Tourist” shows the user how to properly see the essential sights of San Francisco, and includes two different types of touring that the user can try, local or tourist. The user will be able to choose from a variety of landmarks and restaurants and will also learn basic tourist etiquette. This project will hopefully answer questions as to where to go, what to eat, and what to do in San Francisco for the average traveller.
